

SUCCESS STORIES @ Singapore EXPO

ITI WORLD SYMPOSIUM 2024 @ SINGAPORE EXPO

9 - 11 May 2024

The 2024 edition of ITI World Symposium, a premier implant dentistry event, was held at Singapore EXPO, bringing together esteemed industry experts and world-renowned speakers. The three-day summit attracted 6,000 delegates and featured an industry exhibition, workshops, speeches, and forums across our venue's various halls and meeting rooms.

The main symposium, held in Apex @ EXPO (Hall 1), centred on plenary sessions where delegates gained insights from industry leaders. Meanwhile, Hall 2 hosted an engaging exhibition showcase, complete with interactive displays and custom-built elements that showcased the latest innovations in the industry. Singapore EXPO's interconnected halls facilitated a seamless flow between the symposium and exhibition areas, enhancing the overall event experience.

Our venue's iconic pillarless halls offered the ITI World Symposium organisers a blank canvas to bring their vision to life, embodying our 'Our Canvas is Your Playground' philosophy. The organisers creatively infused elements of Singapore's city landscape into the space. The expansive halls provided endless possibilities for customisation, featuring unique additions like a mini-Gardens by the Bay networking space for delegates and dining areas that recreated Singapore's signature "Satay by the Bay" ambience. The floor also comprised a vibrant hub where professionals gathered and connected beyond exhibition hours, with unconventional seating arrangements like yoga balls and amenities such as karaoke pods.

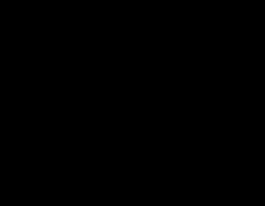

Singapore EXPO's versatile spaces and commitment to excellence made the ITI World Symposium a standout success, demonstrating our dedication to delivering world-class events and fostering industry connections.

"The ITI World Symposium 2024 at Singapore EXPO was a resounding success, with 6,000 attendees seamlessly accommodated. The venue perfectly supported our extensive architectural setup, creating an impressive atmosphere for all. The sales and project management teams were incredibly helpful and demonstrated a commendable support and problem-solving mindset. We couldn't have asked for a better experience!"

– Sven Pfeiffer, Marketing & Event Manager, ITI Foundation
